

[Click here to see a video to get into SSO \(single sign on\) and Google Drive for students](#)

We are so excited to get to be with you again (even if it is in a little different format than we are all used to)!

Each week, by Monday morning, the week's lessons will be available in your child's Google Drive

*www.conroeisd.net

*Single Sign On-Click on CISD SSO (top right corner next to search button)

*Single Sign On

Username: generally letters from their last and first name

Password: their "stu"password (it begins with stu and then their lunch number)

*The username and password are the same ones they use to log in everyday at school.

*Click on Google Drive

The screenshot shows the CISD SSO Portal interface. At the top, there are navigation links for "CISD SSO Portal", "Conroe ISD - Home", and "Binder". Below this is a decorative banner with educational icons like a pencil, a book, and a graduation cap. The main content area features the "CONROE INDEPENDENT SCHOOL DISTRICT" logo. Underneath the logo are tabs for "CISD Apps", "District Quick Links", and "My Links". A search bar labeled "Search Applications..." is present. Below the search bar is a "Favorite Apps" section with two icons: "ViewIT Student Access Center" and "Google Drive". The "Google Drive" icon is circled in red. Below the "Favorite Apps" section is a "CISD Apps" section with a grid of application icons including Canvas, PreK-8 Science Textbook, Pearson EasyBridge, Discovery Education, Office 365, and World Book.

*Choose Shared with me

The screenshot shows the Google Drive interface. At the top, there is a "Drive" logo and a button that says "Open the home page". Below this is a "New" button with a plus sign icon. A list of navigation options follows: "Priority" (checked), "My Drive", "Shared with me" (circled in red), "Recent", "Starred", and "Trash". At the bottom, there is a "Storage" section showing "2.8 GB used".

*Your child should now be able to access the folder shared from their teacher.
